⚠ WARNING

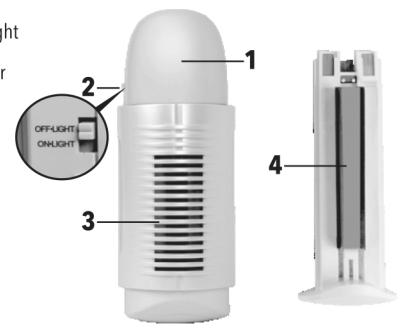

- DO NOT attempt to defeat this safety feature.
- DO NOT use wet hands to plug or unplug Air Police™ Air Purifier from power socket.
- DO NOT wet or soak the Air Police™ Air Purifier.
- DO NOT insert metallic items into the Air Police™ Air Purifier.
- DO NOT dismantle the Air Police™ Air Purifier to avoid electric shock and damage to the internal parts.
- This product complies with the maximum allowable concentration of ozone of 0.050 parts per million by volume (ppmv) in a 24-h period.

HOW IT WORKS

Air Police™ Air Purifier with Built-In Nightlight uses state of the art ionic technology to safely clean and freshen the air. This Air Police™ Air Purifier produces static electricity (negative ions) that attach to inanimate allergens like dust and pet dander, smoke, and more. These now negatively charged particles are attracted to the positively charged Permanent Stainless Steel Filter like a magnet helping to pull them out of the air. At the same time it generates safe levels of ozone (less than 0.05 parts per million) which helps to neutralize and eliminate odors, not mask them. This action is very similar to the way nature uses thunderstorms to clean and deodorize the air outside.

PARTS

1. LED Nightlight
2. ON/OFF Switch for LED Nightlight
3. Air Outlet
4. Permanent Stainless Steel Filter

HOW TO USE

1. To turn the unit ON simply plug into any outlet.

2. To use the optional LED Nightlight turn the switch on the left side of the unit to either ON or OFF.

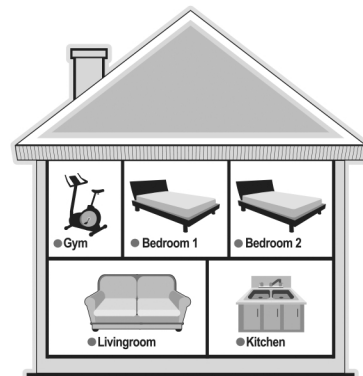

SPECIFICATIONS

VOLTAGE	CONSUMPTION	ION OUTPUT	ACTIVE OXYGEN OUTPUT	DIMENSIONS	WEIGHT
120V - 60Hz	≤2w	≥1x10 ⁴ /cm ³	≤0.05 ppm	7 cm x 9 cm x 21 cm (2.8 in. x 3.6 in. x 8.3 in.)	.24 kg. (0.55 lbs)

PLUG ONE IN EVERY ROOM OF YOUR HOME OR OFFICE!

Air Police™ Air Purifier is designed to clean the air and help neutralize odors in any average size room. For larger rooms two or more units are suggested.

- Great for:
- Kitchens
 - Bedrooms
 - Family Rooms
 - Offices
 - Pantries
 - Living Rooms
 - Gyms
 - Basements

HOW TO CLEAN

1. Unplug the Air Police™ Air Purifier from the electrical outlet.

2. Pull out the Permanent Stainless Steel Filter from the bottom of the unit, as shown.

3. Wipe the Permanent Stainless Steel Filter with a damp soft clean cloth. An all purpose cleaner or a mild detergent may be used. The Permanent Stainless Steel Filter can also be placed on the top rack of the dishwasher.

4. Once the Permanent Stainless Steel Filter is clean and COMPLETELY DRY, replace filter into the bottom of the unit and plug into the electrical outlet.
