

DERMALINE™ PediGuard™ CALLUS REMOVER

The professional at-home pedicure foot file for callus-free and ultra-smooth feet.

Laser-cut 3D tempered glass filing surface removes calluses and dead skin from your feet, safely and painlessly.

The Dermaline™ PediGuard™ works on both wet and dry feet. For best results, soak feet in warm water for about 10 minutes to soften skin. Use in a slow and gentle back and forth motion to file foot surface. Check results regularly. If calluses are thicker, apply a little more pressure.

Discontinue use if you experience pain or discomfort, or if skin becomes irritated.

Clean after each use. Rinse with soap and water directly under tap and let air dry.

WARNINGS:

- DO NOT USE on irritated, inflamed or infected skin.
- DO NOT USE on open wounds.
- DO NOT USE if you are diabetic or suffer from poor blood circulation.
- DO NOT USE if filing surface becomes damaged or bent.
- Consult a physician before use if any skin condition exists.
- NOT RECOMMENDED for use by children under 12 years of age.
- DO NOT SHARE your Dermaline™ PediGuard™ with anyone else.
